THE NEW LUXURY COMPACT. EVERYTHING ELSE IS HISTORY

For over sixty years now, Hasselblad has been devoted to a very simple task: producing the finest camera equipment known to man. During this time we have succeeded in doing just that, "To Help Photographers Achieve Their Photographic Potential".

The Hasselblad brand has always been about quality and distinctive style. Stellar is the result of beautiful design and an easy to use powerfully compact point and shoot that will deliver image excellence every time.

LUXURY IN YOUR POCKET

The design concept behind Stellar was simple: to produce a camera small enough to be taken anywhere, yet capable of producing outstanding results in any given situation.

INDULGE YOURSELF

The Hasselblad Stellar redefines quality with its elegantly designed aluminium body and metal operation controls. Only the finest materials are used to craft the ergonomic handgrip, making it a beautifully powerful, pocket-sized camera.

THE COLLECTION

MAHOGANY WOOD

A fine and even-grained wood that makes it a favourable choice for expert furniture makers. Its reddish-brown colour darkens over time.

H 15

OLIVE WOOD

A yellowish brown wood with variegated lustrous, darker streaks.
Very smooth and extremely hard.

ZEBRA WOOD

With its unique interlocked pale-yellow grain, Zebra wood is one of Africa's finest natural materials. It is more commonly used by artisan instrument makers.

PADOUK WOOD

Padouk comes from Africa & Asia and is valued for its toughness. It has a subtle redness that fades over time to a warm brown tone.
